

Speciality Chemicals for
Water Treatment & Dispersant

LALKO
MINERALS
"Our work style is Different"

ABOUT US

"To Be The Very Trusted Chemical Company Through Innovative Technology and As Per Customer's Need."

LALKO MINERALS Is An Inventive Chemical Manufacturer Company In Ahmedabad, Gujarat.

We Are Leading Manufacturer Of High Quality Product R.O Chemical & Water Treatment Chemical. We Manufacture and Provide Antiscalant For R.O Plants, Scale Corrosion Inhibitor For Water Circulating System. We Have A Wide Range of Customers In All Over India. We Are Capable For Consistent And Continuos Improvement To Develop Full Range Of Product. Our Offered Product Are Manufactured Using High Grade Raw Material And Advanced Technology. We Have All The Latest Equipments And Technologies Used In Manufacturing of R.O Chemical & Water Treatment Chemical.

Our Central Focus Is On The Research And Development Of The Advanced Material To Provide The Highest Quality And Product To Our Clients.

A wide range of chemical products

R.O. PLANT CHEMICALS

- * R.O. Antiscalant
- * R.O. Cleaning
- * R.O. Biocide
- * R.O. After PH
- * Supply all types of Equipment for R.O. Plant

BOILER FEED WATER CHEMICALS

- * Boiler Scale Inhibitor
- * Boiler Desclaning
- * Boiler Antiscalant
- * Boiler Oxygen Scavenger
- * Boiler PH Booster

COOLING TOWER WATER TREATMENT CHEMICALS

- * Cooling Scale Inhibitor
- * Cooling Tower Biocide
- * Cooling Tower Corrosion
- * Cooling Tower PH Booster

E.T.P & S.T.P TREATMENT PLANT CHEMICALS :

- * Settling Agent (Anionic, non Ionic, Cationic)
- * Poly Aluminium Chloride
- * Alum (Ferric, Non Ferric)
- * Ferric Chloride
- * Calcium Hydroxide
- * Colour Removal Chemicals
- * Lime Powder
- * Colour Remover (micro)
- * Colour Remover (Megha+)
- * De Cool Chemicals

Save Energy, Environment, Equipment & Its Efficiency

Feature

- Powerful scale inhibitor for RO Membrane.
- Inhibits the scale formation against a variety of carbonate and sulphate inorganic salts.
- Deflocculates the silica present in the feed water.
- Prevents membrane fouling.
- Compatible with all types of membranes (TFC, CA, PAM).
- Our Products Are NSF/ANSI Standard 60 Complies

Dosage

Can be used 10-30 mg/litre or as per feed water quality.

Can also use with other water treatment chemicals.

Packing

Package available in 5 Kg, 10 Kg, 20 Kg and 50 Kg, 200 Kg or as per customer requirements.

SUPPLY IN FOLLOWING INDUSTRIES

- Ceramic Industries
- Chemical Industries
- Pharmaceuticals Industries
- Textile Industries
- Paint Industries
- Sugar Mill
- Pulp & Paper Industries
- Power Plant Industries
- Water Treatment Plants
